Take a picture of check in a well-lit area to prevent shadows or poor image quality.

- Verify that the back of the check is properly endorsed.
- Place check on a dark background.
- Smooth out folds on check.
- Keep hands clear of the check while taking the pictures to avoid pictures of fingers/hands.
- Keep the phone flat and steady above the check when taking your photo.
- Make sure the entire check image is visible and in focus before submitting your deposit.
- Once your deposit has been posted, securely store your check for 14 days and then destroy it or write VOID on the check if keeping it for your records.

The upload confirmation screen means your deposit has been received for processing. Once accepted by WCCU you will receive an email confirmation notice.

Remote deposits are processed in real time and will appear in your account immediately; however, a two business day hold will be placed on all deposits made via RDA.

WHAT IF I ACCIDENTLY DEPOSIT THE SAME CHECK TWICE?

The RDA software has duplicate detection capabilities that will alert you if you attempt to deposit an item twice. If for some reason a check does get deposited twice, WCCU will debit your account for the second deposit and contact you to make you aware of the error.

WHAT DO I DO WITH MY PAPER CHECK AFTER I HAVE DEPOSITED THEM?

Please retain the original item for 14 days and then destroy it or write VOID across the front of the check.
